SUMMARY

I am a self-taught frontend developer transitioning from a 4-year career in accounting. My background has equipped me with strong problem-solving skills, a detail-oriented mindset, and the ability to learn and adapt quickly. Over the past year, I have been building my knowledge in HTML, CSS, and JavaScript, and I am currently learning React. I am excited to apply my technical skills and passion for continuous learning in a junior developer role.

SKILLS

Familiar with: HTML, CSS, Javascript, Python, MySQL

Frameworks: Bootstrap, Tailwind CSS

Currently learning: React

Experimented with: Astro
